

## **Plant registration for the CANWOS Auction - Friday 19th November 2021**

All orchids for the auction must be pre-registered. The registration process is very simple.

1. Fill in the form overleaf. The section for notes is intended to help the auctioneer get a good price for your plant. They should be brief but flower colour and flowering season are usually useful.
2. Send it to me to arrive by **Monday 15th November**. With our post, a first class posting on **Friday 12th November** will be **too late!** Emailing it to me at [iaincwright@windmill.me.uk](mailto:iaincwright@windmill.me.uk) would get it to me quicker and save me time.
3. Sticky labels, one per orchid, will be posted by Wednesday 17th December.
4. Bring the labelled orchids to the meeting well before 7.30pm for checking.

Reserves on plants are acceptable, with a minimum value of £10. If you put a reserve on a plant and the highest bid equals or exceeds the reserve, the plant sells as normal. If the reserve is not met, you have to pay the seller's premium on the reserve but get the plant back. Reserves will be public knowledge, listed in the catalogue.

The Society will take 10p in every pound that your plants sell for. If the selling price is less than two pounds, the Society will get it all!

Please remember that if you buy at the auction, a buyer's premium will be added to your bill. For every pound you spend, the Society will require an **additional** 10p from you.

As soon as it is available, I will put a copy of the Auction Catalogue on the web site. By popular request, I will send a printed copy to any member who sends me a stamped addressed envelope; sellers will receive a copy with their labels. Please bring it with you on the night; I do not intend to print lots of copies.

**Do not forget to bring a box if you think you might buy – plants will be handed to you immediately they are sold.**

Registration is now open. The Monday deadline is absolute. Please do not leave it to the last minute. The selling will start at 7.30pm prompt and we must be finished before 9.30pm.

*Iain Wright*
